Re: Rock Solid Waterproofing

I have had the wonderful experience of working with Ken VahnDijk and Rock Solid Waterproofing for just about 4 years now. I work with many vendors in my position and it says something when you can get me to sit down and write a letter of recommendation.

Every experience with Ken and his team has been nothing short of fabulous. Even if tough situations arise, and they always do in my line of work with homeowners, his level of professionalism shines through a solution is always reached. I would highly recommend Rock Solid Waterproofing to anyone that is looking for a quality vendor.

Thanks Ken to you and your team for your continued effort to strive for excellence in your field.

Sincerely,

Mara Davis
