Ridgefield, WA 98642

Dear Ken,

This is in reference to a water proofing job you completed to install drain piping and a sump pump in the basement of one of our rental properties.

I just wanted to say when I asked for an estimate you were there on time and explained the process that you were going to use to complete the job.

When your crew arrived, they were clean and very courteous. They went to work and finished everything in a work man like manner.

We would be glad to recommend your company to others anytime.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robert G. Ramsour'. The signature is written in a cursive style with a long, sweeping underline that extends to the right.

Robert G. Ramsour
